Dear Andrew

Aptos Corporation Pty Ltd  
United States Patent Application No. 09/807608

FAXED  
2:55 PM 24/5/02  
ML

Thank you for your letter dated 16 May 2002 sent to us by fax.

I note your change of address to 20 Nunkei Place, The Gap, Queensland 4061 and shall amend the register of shareholders, and advise ASIC accordingly.

I assume that your address for correspondence will continue to be C/- Morgan Conley, Solicitors, GPO Box 34, Queensland, 4001, as on your letter, and unless advised otherwise in writing, I shall continue to send your correspondence to that address.

As to the documents relating to the United States Patent application, would you please sign and return these by return mail, as any further delay is likely to result in significant extra cost to the company. As to the error in the spelling of your name on the signature line, please correct and initial it.

Should you not be prepared to sign the documents, would you please advise us of your intention not to sign them. Should you not return the signed documents to us by Friday 31 May 2002, we shall take it that you have refused to sign the said documents. If you wish, we are prepared to pay your reasonable expenses in the signing and forwarding to us of the documents.

Thank you also for your e-mail of 22 May 2002. We have taken advice from our patent attorneys regarding it, and their advice is that it is too late to make any amendment or addition to the specification. Your signature is required on the documents to acknowledge that you are one of the inventors of the material in the specification.

We note your other comments regarding paging, and thank you for your interest.

As to documents relating to the 6<sup>th</sup> Annual General Meeting of the company and the General Meeting of the company held on Thursday 9 August 2001, I dealt with these matters in my letter to you of 25 September 2001. The minutes of those two meetings have not yet been confirmed. When they are confirmed, they will be sent to you at the same time as to all other shareholders.

Yours sincerely,  
Aptos Corporation Pty Ltd
